TIME:	3:50 PM		
WITH:	Port of San Francisco		
SUBJECT:	Illinois Bridge construction		

COMMENTS:

I called Mr. Beaupre and asked about the status of the Illinois Bridge construction project. He asked me to send him an e-mail which I sent at 3:53 PM that same day. He sent me an e-mail on May 23, 2005 with a number of details about the reasons for the Bridge and how it will provide direct freight rail access to Port's Pier 80 Cargo Facility. The project is estimated to cost \$23 million and construction starts in two weeks. He will be sending me (via mail) several exhibits and the CEQA document for the project.
